MOTION DESIGN

EVERY FRAME HAS A JOB

Kinetic typography, logo reveals, product sequences, and branded motion crafted with rhythm and intent.

My motion work brings graphic-design discipline into time. I plan the narrative, build strong style frames, control timing and easing, and finish with sound-aware polish for broadcast, web, presentation, and social formats.

CAPABILITIES

- Kinetic typography
- Logo & brand reveals
- Social motion systems
- Visual effects & compositing

PROOF

- 10+ years of After Effects practice
- 2D and 3D integration
- Platform-ready output up to 4K

2D ANIMATION

STORIES DRAWN INTO MOTION

Expressive explainers, character animation, and educational content designed to make complex ideas memorable.

I develop 2D animation from the message outward: concept, storyboard, illustrated assets, rigging or frame-by-frame movement, sound synchronization, and multi-format delivery. Personality and clarity lead every decision.

CAPABILITIES

- Explainer videos
- Character animation
- Infographic & whiteboard motion
- Social animated content

PROOF

- 9+ years in 2D and motion
- Brand, education, and presentation storytelling
- Source-file and multi-format delivery

PROCESS

- Define story and visual direction
- Illustrate and storyboard
- Animate with deliberate pacing
- Sync sound and deliver every format

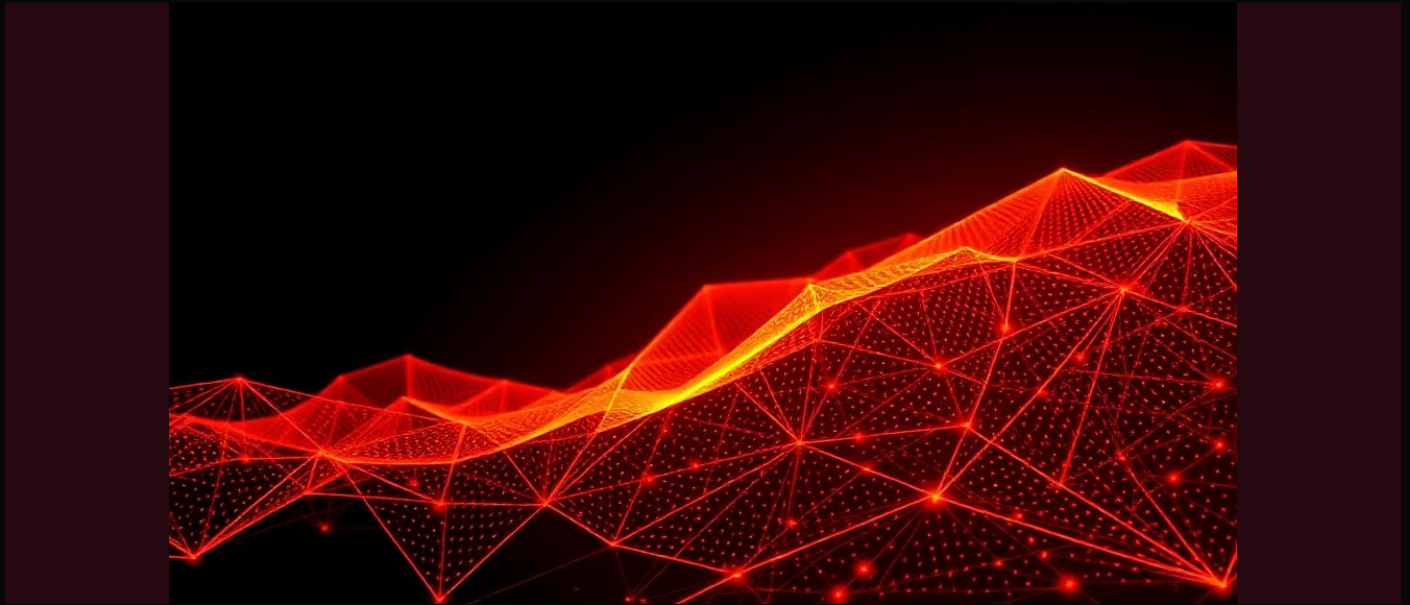

TOOLS

- After Effects
- Illustrator
- Adobe Animate
- Audition

3D ANIMATION & VISUALIZATION

DEPTH, LIGHT, AND CINEMATIC MOVEMENT

Photoreal product visuals, architectural walkthroughs, and cinematic 3D sequences with polished compositing.

I build the full 3D journey: modeling, materials, lighting, camera direction, animation, rendering, and After Effects finishing. The work balances technical precision with a strong sense of atmosphere and brand storytelling.

CAPABILITIES

- Architectural walkthroughs
- Product visualization
- 3D brand reveals
- Interior & exterior rendering

PROOF

- Real estate, environment, and product projects
- Cinematic camera and lighting craft
- AI-enhanced compositing workflow

PROCESS

- Model and stage the scene
- Create materials, lighting, and environment
- Animate camera and key elements
- Render and composite the final sequence

TOOLS

- Cinema 4D
- Blender
- Lumion
- After Effects

UI/UX PRODUCT DESIGN

INTERFACES PEOPLE WANT TO USE

Research-led, responsive product experiences with clear flows, scalable systems, and pixel-perfect handoff.

I turn product goals into intuitive journeys across fintech, e-commerce, food tech, retail, and SaaS. Research, wireframes, prototypes, design systems, micro-interactions, and usability feedback stay connected from first idea to developer handoff.

CAPABILITIES

- User research & strategy
- Wireframes & prototypes
- Design systems
- Responsive & interaction design

PROOF

- Fintech, e-commerce, retail, and platform concepts
- Figma-ready developer specifications
- Conversion and usability focus

PROCESS

- Research users, market, and business goals
- Map flows and wireframe the experience
- Design the system and key screens
- Prototype, test, and refine

PROFESSIONAL PHOTOGRAPHY

CAPTURE. COMPOSE. COMMUNICATE.

Professional wedding, portrait, food, product, and lifestyle photography with meticulous post-production.

My photography is grounded in storytelling, light, and composition. I plan each shoot around the brand or moment, then deliver carefully selected, retouched, and color-graded imagery ready for web, social, campaigns, and print.

CAPABILITIES

- Wedding & portrait photography
- Product & food photography
- Events & lifestyle
- Retouching & color grading

PROOF

- Brand and personal storytelling
- Print and digital-ready resolution
- Consistent color-managed finishing

PROCESS

- Align on story and visual references
- Scout, schedule, and plan the light
- Direct and capture the session
- Select, retouch, grade, and deliver

TOOLS

- Professional camera systems
- Lightroom
- Photoshop
- Premiere Pro

VIDEOGRAPHY & PRODUCTION

SHOOT WITH THE EDIT IN MIND

Cinematic brand films, events, weddings, and promotional content captured with purposeful direction.

I plan, shoot, and shape video as one connected process. Strong shot lists and on-set composition give the edit better material; careful pacing, sound, and color turn that material into a story with lasting brand value.

CAPABILITIES

- Corporate & event films
- Promotional video
- Wedding storytelling
- Behind-the-scenes content

PROOF

- Creative direction through final export
- Cinematic and documentary styles
- Marketing-ready deliverables

PROCESS

- Plan script, story, and shot list
- Capture with cinema-grade technique
- Edit, grade, and design sound
- Deliver masters and platform formats

TOOLS

- Camera & lighting systems
- Premiere Pro
- After Effects
- Audition

PHOTO & VIDEO EDITING

THE FINISH CHANGES EVERYTHING

Precision retouching and post-production that turns raw footage and imagery into cohesive, platform-ready stories.

I bring a designer's eye to every edit: composition, rhythm, typography, transitions, skin and product retouching, tonal balance, and final color. Each asset is finished for its real destination rather than exported as a one-size-fits-all file.

CAPABILITIES

- Cinematic editing
- Photo retouching
- Color correction & grading
- Sound, captions, and format optimization

PROOF

- Frame-precise post-production
- Cinematic, social, and corporate styles
- Multi-platform delivery

PROCESS

- Review and organize source media
- Build the narrative or visual treatment
- Refine pace, tone, and transitions
- Finish color, sound, and platform exports

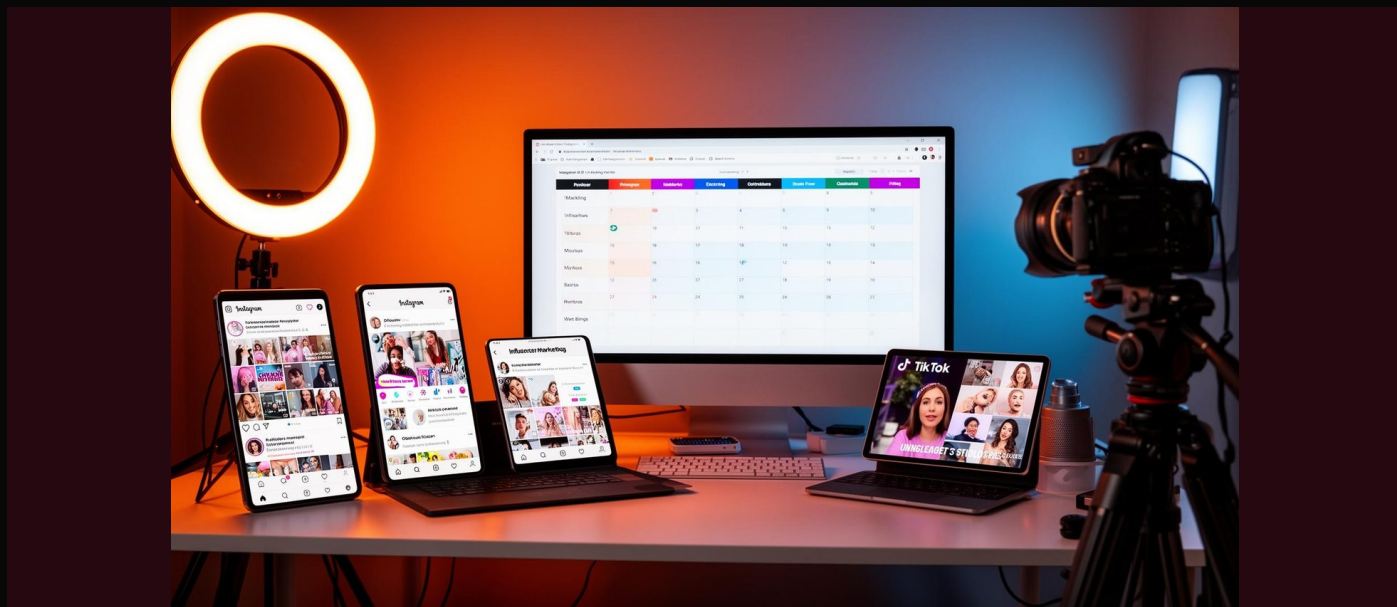

TOOLS

- Premiere Pro
- After Effects
- Photoshop
- Lightroom

SOCIAL MEDIA MANAGEMENT

A BRAND THAT SHOWS UP CONSISTENTLY

Strategy, content systems, design, community management, and optimization for an always-on social presence.

I connect content planning and visual craft with the daily discipline of publishing, listening, and improving. Content pillars, calendars, campaign assets, copy, and performance reporting work together to grow a recognizable brand and engaged audience.

CAPABILITIES

- Content strategy & calendars
- Post design & copy
- Community management
- Reporting & paid campaigns

PROOF

- Fintech, cybersecurity, gaming, and consultancy work
- Connected carousel storytelling
- Design and performance under one lead

PROCESS

- Audit brand, audience, and competitors
- Define pillars and publishing rhythm
- Create and distribute platform-native content
- Engage, report, and optimize

TOOLS

- Meta Ads Manager
- Google Ads
- Adobe Suite
- Analytics tools

DIGITAL PLATFORM BUILDER

FROM CONCEPT TO LIVE PRODUCT

AI-powered tools, SaaS products, and community platforms designed, developed, and deployed end-to-end.

I treat platforms as complete systems: audience need, product structure, UI language, build workflow, launch, and continued refinement. My portfolio spans creative AI, design systems, business operations, agriculture, community, and Web3 products.

CAPABILITIES

- Product strategy & UX
- AI-assisted platform development
- SaaS & community products
- Launch and iteration

PROOF

- 9+ platforms built
- UIForge, Alvin~AI, BuildFlow, Pixela, ForgeSuite, and more
- Full-stack thinking with creative direction

PROCESS

- Validate the problem and users
- Define architecture and core journeys
- Design and build the product system
- Launch, learn, and evolve

TOOLS

- Figma
- AI development tools
- Web platforms
- Analytics

BRAND IDENTITY & GUIDELINES

RECOGNITION, BUILT DELIBERATELY

Complete identity systems that align strategy, logo, typography, color, imagery, and real-world brand touchpoints.

A brand is not a logo file; it is a repeatable system of decisions. I uncover the positioning, establish a distinctive visual language, test it across real applications, and document the rules so teams can build recognition without losing consistency.

CAPABILITIES

- Logo systems
- Visual identity direction
- Brand collateral
- Guideline documentation

PROOF

- 150+ brands served
- Corporate, public, technology, and consumer sectors
- Digital and print production expertise

PROCESS

- Discover the vision, audience, and market
- Position the brand and define its voice
- Design, test, and refine the identity
- Deliver the system and launch toolkit

TOOLS

- Illustrator
- Photoshop
- InDesign
- Figma

AI VIDEO & STORYBOARDS

FROM A STILL IMAGE TO A LIVING STORY

Cinematic image-to-video production, AI storyboards, and scalable content systems with professional creative control.

I turn a visual concept into a structured storyboard, then direct generative AI through scenes, camera moves, transitions, and motion before adding professional post-production. The workflow makes ambitious video more agile without sacrificing narrative craft.

CAPABILITIES

- AI storyboard creation
- Image-to-video generation
- Cinematic AI production
- Content variations & localization

PROOF

- Single-image to multi-scene workflows
- Brand, social, and campaign applications
- Professional post-production finish

PROCESS

- Define brand, audience, and creative goal
- Build a scene-by-scene storyboard
- Generate and direct cinematic motion
- Edit, grade, and optimize every output

TOOLS

- Runway
- Kling AI
- Midjourney
